

Lamia Eid

Full-Stack Developer | Software Engineer

Tripoli | +961 81162 171 | Female | lamiaeid12345@gmail.com | [LinkedIn](#) | [Portfolio](#)

CAREER SUMMARY

Computer Science student and AWS-certified aspiring Full-Stack Developer with hands-on experience in building scalable backend systems using JavaScript, Node.js, and ASP.NET. Passionate about delivering user-focused applications and continuously expanding my skills in mobile development with React Native.

Certifications

- AWS Certified Solutions Architect – Associate (SAA-C03) Cert Prep: Cloud Services Overview** **LinkedIn Learning – Certificate of Completion**
- HP LIFE – Introduction to Cybersecurity Awareness**
Certificate of Completion
Learned about common cybersecurity threats and basic methods to secure online data and information.

Experience

Bright Champs | Remote | Software Educator | (10/2024 - 4/2025)

- Delivered coding lessons emphasizing computational thinking and real-world applications.**
- Mentored 50+ students, improving code comprehension as measured by weekly assessment scores (avg. +20%).**

(Personal) | Remote | Full Stack Developer Intern |

(02/2024 - 05/2024)

- Developed backend functionalities for web applications using JavaScript and Nodejs.**
- Collaborated with front-end developers for seamless integration.**
- Optimized backend queries, reducing response time by 30%; debugged critical functions that improved uptime by 15%.**

SKILLS AND STRENGTHS

Frontend: HTML, CSS,
JavaScript **Backend:**
Java, C++, C#, ASP.NET
Database: MySQL, SQL,
MongoDB

Tools: Git, GitHub, Postman, VS Code, Microsoft Office Suite
Frameworks & Principles: React, ChakraUI, Node.js

PROJECTS

Video Calling Interview

- Developed a full-stack video interview application using React, Next.js, and Stream API.**
- Implemented real-time communication and user authentication with Clerk.**
- Tested by 30+ users; focused on responsive design and performance.**

Bookstore Management System

- Created an ASP.NET Core MVC app for inventory and customer management.
- Implemented role-based access for admin, staff, and customers.
- Streamlined operations for a local bookstore.

EDUCATION

Bachelor's in Computer Science | Lebanese International University
